2. Ordinance No. 2026-058

Patron: Mayor Avula

Key Points:

- Amends Ord. No. 2025-057, adopted May 12, 2025, which adopted the FY 2025-2026 Special Fund Budget and made appropriations: (i) increasing anticipated revenues by \$2M from certain fines and fees collected from the Safety Camera Program, (ii) creating a new special fund for the Department of Police entitled the "Safety Camera Program Special Fund," and (iii) appropriating the increase to the FY 2025-2026 Special Fund Budget by increasing estimated revenues and the amount appropriated to the Department of Police's "Safety Camera Program Special Fund" by \$2M, all for the purpose of funding the Safety Camera Program and Vision Zero Action Plan.
- Establishes the "Safety Camera Special Fund" (Fund).
- The fund will be used to receive civil penalty proceeds from fines for traffic violations under the traffic signal enforcement program.
- The amendment provides that the money in the fund is to be reserved for: 1.) sustaining the program and 2.) implementing Vision Zero Action Plan strategies.
- This mechanism was not provided for in the paper establishing the Traffic Signal Enforcement Program, Ord. 2007-179-156 which makes it difficult to use proceeds from the civil penalties.

Staff Questions:

1. How much of the funds are expected to be paid into administration of the program versus for Vision Zero needs?
2. Which Vision Zero needs will receive money from the fund?
3. Will the new "Department of Transportation" decide on allocations from the fund? If not, who?
4. Will disbursements from the fund require Council endorsement?

Fiscal Impact: ☐ None ☒ Yes. The Administration's O&R indicates that \$2M will be added to the City's Special Fund Budget.

Patrons: Trammell and Abubaker

Key Points:

- To amend City Code 2-728, concerning the Department of Emergency Communications, Preparedness, and Response, to require the routing of E-911 calls for emergency medical services to the Richmond Ambulance Authority by the Department of Emergency Communications, Preparedness, and Response.
- The paper requires immediate transfer of medical only E-911 calls to the RAA once they are identified as such calls.
- The paper directs that DEC will route calls to RAA at the conclusion of processing calls for fire or police, or both, if the call includes a need for fire and police, or both, in addition to medical assistance.
